IF YOU DO NOT AGREE TO THE TERMS, TRACKER SOFTWARE PRODUCTS LTD IS UNWILLING TO LICENSE THE SOFTWARE TO YOU, IN WHICH CASE YOU MUST IMMEDIATELY RETURN THE PACKAGE AND ALL ACCOMPANYING MATERIAL TO TRACKER SOFTWARE PRODUCTS LTD. OR YOUR AUTHORIZED DEALER FOR A FULL REFUND.

This License Agreement ("Agreement") is a legal agreement between TRACKER Software Products (Canada) Ltd, (TRACKER), a Company registered in Canada, principally located at P.O. Box 79, 9622 Chemainus Road, Chemainus, BC. V0R 1K0 Canada, and you, the Developer ("Licensee"), and is effective the date Licensee opens the package containing the diskette(s)/CD-R(s), electronic delivery file or otherwise uses the enclosed software product.

This Agreement covers all materials associated with Tracker's PDF-XChange Core API SDK which supersedes and replaces the PDF-Tools SDK developer's toolkit. Please note that NO rights whatsoever are included for the use of the PDF-XChange Editor SDK within this agreement.

**No rights to distribute, sell, access via API or include any complete or ready to use 'End User' application created by Tracker Software Products is included as part of this agreement.**

**1. GRANT OF DEVELOPMENT LICENSE**

TRACKER grants Licensee a non-exclusive, transferable subject to the written consent of Tracker (such consent not be unreasonably withheld), worldwide license for one (1) programmer to install the Software on a single personal computer and use the Software and one copy of the associated user documentation contained in the accompanying user manual, "online" help and Acrobat files ("Documentation") in the development of End User software application's as contemplated in section 2 below (herein, the "Application Software"). If licensee also requires the software to be installed on other equipment solely for the purpose of allowing separate modules of its own software in source code form to be compiled into an executable form (e.g. '.DLL' and '.EXE' libraries/executables etc.) this shall also be allowed. If additional programming seats are required to modify source directly affecting the provided functionality in the licensed toolkit, Licensee should contact TRACKER for discounted license pricing. The license granted hereunder applies only to the designated version of the enclosed Software. If the Software is an upgrade or cross grade, it, and the product that was upgraded/cross graded constitute a single copy of the Software for purposes hereof and the new version and product that was upgraded/cross graded cannot be used by two people at the same time.

**2. END USER APPLICATION**

The Application Software developed by Licensee must be an "End User Application." An "end user application" is a specific application program that is licensed to a person or firm for business or personal use and not with a view toward redistributing the application or any part of the application, and may be either an application that is used by Licensee internally, or an application that is commercially distributed to end users for their use. A user of an end user application may not modify or redistribute the application and may not copy it (other than for archival purposes). Licensee's license agreement covering the Application Software must contain restrictions prohibiting redistribution, modification and copying of the Application Software.

This product is intended to allow the developing licensee to incorporate the ability to Create, View, Print or Modify PDF files within the Licensee's own end user software applications where the PDF functionality incorporated is just one of many features offered – rather than the primary or a significant proportion of the applications overall functionality in the overall set of features of the software application offered.

The license rights hereunder do not apply to development and deployment of software products such as specialist PDF Viewers or Editors, Printer Drivers, ActiveX controls, plug-ins, authoring tools, development toolkits, compilers, operating systems and also software products where a primary or significant proportion of the applications overall functionality is to generate, view or modify 'PDF' format files (as defined by ISO Standards body) and other file formats from 3rd party software applications not developed by the licensee, indirectly or otherwise, - such as Microsoft's 'Office' suite and component applications other than for the purpose of creating and/or then storing such files within a structured application for the archival and management of documents, that is developed by the licensee and any other software not falling within the definition of an end user application.

Further, Licensee may not, under any circumstances, create a competing software application to Trackers own "PDFX Viewer", PDF-XChange "Editor" or any of Tracker's PDF-XChange and PDF-Tools range of applications for End users without first requesting Tracker to specifically agreeing to the creation and distribution of such a product.

If Licensee wishes to develop a product outside the scope of this license or is in any doubt as to the desired use, Licensee should contact TRACKER'S Sales department to see if a special license is available.

**3. GRANT OF DUPLICATION AND DISTRIBUTION LICENSE**

The Software includes certain runtime libraries and files intended for duplication and distribution by Licensee within the Application Software to the user of Application Software ("Redistributables"). The Redistributable components of the Software are those files specifically designated as being distributable in the "Files to be Included with Your Application" section of the Online Help file, the terms of which are hereby incorporated herein by reference. Licensee should refer to the Documentation and specifically the "Online Help" file for additional information regarding the Redistributables. Under TRACKER'S copyright, and subject to all the restrictions and conditions set forth in this Agreement and the Documentation, TRACKER hereby grants Licensee (and only Licensee) a non-exclusive, non-transferable, worldwide license to reproduce exact copies of the Redistributables and include such files in the Application Software, and to deploy the Application Software internally and/or distribute the Application Software, directly or through customary distribution channels, to end users on a royalty free basis. If Licensee wishes to use an OEM who will modify the Application Software and copy it, Licensee must first obtain an OEM distribution license from TRACKER or must require the OEM to obtain a license from TRACKER. Duplication or Redistribution of the Application Software, or any portion thereof, by the users of the Application Software, without a separate written redistribution license from TRACKER is prohibited.

If the enclosed Software is packaged "For Evaluation Only," no right to copy and/or distribute the Redistributables is granted. No rights to copy or redistribute the Application Software are granted until such time as Licensee has properly registered the Software with TRACKER and otherwise complied with this Agreement. Unless otherwise agreed in writing by Tracker, developer must distribute any Print drivers included using the Tracker Installation executable file provided for this purpose to ensure correct distribution and licensing adherence.

Once licensed, you may create and distribute a maximum of 100,000 end user application licenses incorporating any part of the allowed elements of this developer's kit - should the number of licenses you intend to distribute (or have already distributed) exceed this figure (other than for demonstration, evaluation or publicity purposes) then you must contact [Tracker Software Products](#) immediately and prior to (further) distribution or as soon as it becomes known to you that this figure will or has been exceeded to discuss alternative licensing options. Further you agree at any time, on request and within 30 days of such request, to supply a duly audited and notarised account of application licenses delivered/sold where components of this licensed developer kit have been used and distributed – other than for demonstration, evaluation or publicity purposes.

#### **4. DUPLICATION AND DISTRIBUTION OF ROYALTY BEARING VERSIONS OF THE SOFTWARE**

The enclosed Software does not allow the use and distribution of Trackers PDF-XChange Viewer SDK, PDF-XChange Editor SDK or the PDF-XChange Printer Driver designed for 'End User' use. No duplication or distribution rights are granted hereunder with respect to Royalty Bearing Versions of any product published by Tracker within this license agreement.

#### **5. OTHER RESTRICTIONS**

The licenses granted under this Agreement are expressly conditioned upon Licensee's compliance with all the terms and conditions of this Agreement. Licensee may not use, copy, rent, lease, sell, sublicense, assign or otherwise transfer the Software except as expressly provided for in this Agreement. Licensee may make a reasonable number of archival copies of the Software. Except for the Redistributables, Licensee shall not distribute any files contained in the Software, including without limitation, .CLW, .INC, .TPL, .CHM, .DRV, .LIB, .H, .MAK, .DEF, .TXT, .PDF or .HLP files. Licensee shall not reproduce, copy or transfer any Documentation, except Licensee may use the sample source code examples contained in the Documentation for the purpose of developing the Application Software. Upon TRACKER'S request, Licensee agrees to send TRACKER one demonstration copy of the Application Software. If the Software is PDF-XChange, the Application Software may only access the ActiveX and DLL file(s) directly and not through the PDF-XChange Print driver (.DRV file(s).) Licensee may only directly access the ActiveX and DLL file(s) if Licensee has a license in good standing for a PDF-XChange product with an API/SDK License such as PDF-XChange SDK or PDF-Tools SDK, and only then the appropriate components relevant to each SDK. Any distributor or reseller of Application Software appointed by Licensee must be subject to a binding agreement that includes provisions no less protective of TRACKER'S intellectual property rights in the Software as it is protective of Licensee's rights in its own software. Licensee acknowledges that the Software, in source code form, remains a confidential trade secret of TRACKER and/or its suppliers and therefore Licensee agrees that it shall not modify, decompile, disassemble or reverse engineer the Software or attempt to do so except as permitted by applicable legislation. Licensee agrees to refrain from disclosing the Software (and to take reasonable measures with its employees to ensure they do not disclose the Software) to any person, firm or entity except as expressly permitted herein. Specifically, Licensee will not disclose or publish any unlock codes or instruction sets provided by TRACKER relating to the Software. If Licensee wishes to use the Software in a manner prohibited by this Agreement, Licensee should contact TRACKER'S OEM department to determine whether a special license may be obtained.

#### **6. Use in Evaluation versions of Licensee Developer's End User Applications.**

Where the Licensee provides a limited use evaluation version of their End User software – distribution of the PDF-XChange Core API SDK redistributable components shall not count towards the licensee's allowed limited redistribution totals - provided that:

- 1: The functionality provided by the PDF-XChange Core API SDK will cease on expiry of the evaluation period.
- 2: The evaluation period is no longer than 90 days – otherwise it must count towards the overall limited redistribution rights provided by the clients purchased license and may not be provided under the umbrella of this evaluation concession.
- 3: In the event that the Licensee allows some functionality of their application to continue after the evaluation period expires – this will not include the PDF-XChange Core API SDK functions - otherwise it must count towards the overall limited redistribution rights provided by the clients purchased license and may not be provided under the umbrella of this evaluation concession.

If the Licensee is unable to ensure the above limited use restrictions are adhered to – Licensee may not incorporate the PDF-XChange Core API SDK functionality in evaluation versions of their software applications – without accounting for each installation provided towards the total license count, allowed under the terms of this license.

#### **7. PROPRIETARY RIGHTS AND COPYRIGHT NOTICES**

Except for the limited license granted herein, TRACKER, and its suppliers, retains exclusive ownership of all intellectual and proprietary rights (including all ownership rights, title, and interest) in and to the Software. Licensee agrees not to represent that TRACKER is affiliated with or approves of Licensee's Application Software in any way. Except as required hereby, Licensee shall not use TRACKER'S name, trademarks, or any TRACKER designation in association with Licensee's Application Software. The Application Software should contain the following copyright notice in the "About box" or if not the About box as a minimum, Developers License as provided with the End User Application: "Portions of this product were created using PDF-XChange & Image-XChange SDK's From Tracker Software Products Ltd ©2001-19, ALL RIGHTS RESERVED."

#### **8. EXPORT LAW**

Licensee acknowledges and agrees that the Software and Application Software may be subject to restrictions and controls imposed by the United States Export Administration Act, as amended (the "ACT"), and the regulations there under. Licensee agrees and certifies that neither the Software nor any direct product thereof (e.g. the Application Software) is being or will be acquired, shipped, transferred or re-exported, directly or indirectly, into any country prohibited by the ACT and the regulations there under or will be used for any purpose prohibited by the same. Licensee acknowledges that the Software may include "technical data" subject to export and re-export restrictions imposed by U.S. law. Licensee bears all responsibility for export law compliance and will indemnify TRACKER against all claims based on Licensee's exporting of the Application Software.

#### **9. TERM**

The license granted hereby is effective until terminated. Licensee may terminate the license by returning the Software and Documentation to TRACKER, without refund, and destroying all copies thereof in any form. TRACKER may terminate the licenses if Licensee fails to comply with any term or condition of this Agreement or any corresponding duplication and distribution agreement for Printer Driver Products. Upon such termination, Licensee shall cease using the Software and cease using or distributing the Application Software containing the Redistributables. All restrictions prohibiting Licensee's use of the Software and intellectual property provisions relating to Software running to the benefit of TRACKER will survive termination of the license pursuant hereto. Termination will not affect properly granted end user licenses of the Application Software distributed by Licensee prior to termination, subject to the conditions further detailed in Clause 15 below.

#### 10. EXCLUSION OF WARRANTIES

TRACKER warrants that it will use Best Efforts to prevent the Software from being infected with any virus, malicious logic, worm, time bomb, automatic shut-down, drop dead device, Trojan horse or other harmful code or device which (i) is designed to disable, modify, delete, damage, or provide unauthorized access to the Software, or (ii) is intended to provide unauthorized access or to produce unauthorized modifications to the Software. "Best Efforts" shall mean that, prior to the delivery to Licensee, TRACKER will test each Software using the most recent version of a reputable, commercially available anti-virus checking software program. TRACKER further warrants that it has not intentionally designed into the Software any trap door, back door, lockup, counter or timer that TRACKER could use to cause the Software to be erased, to become inoperable or otherwise incapable of being used in the full manner for which it was designed and licensed for any reason; or (iv) could otherwise cause harm or interfere with Licensee's exercise of its rights under this Agreement; provided, however, that Licensee acknowledges that TRACKER's Licensed Software are activated by license/Developer keys and agrees that such license keys shall not violate this provision. TRACKER and its suppliers offer and Licensee accepts the Software "AS IS". TRACKER and its suppliers do not warrant the Software will meet Licensee's requirements or will operate uninterrupted or error-free. ALL WARRANTIES, EXPRESS OR IMPLIED, ARE EXCLUDED FROM THIS AGREEMENT AND SHALL NOT APPLY TO ANY SOFTWARE LICENSED UNDER THIS AGREEMENT, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.

#### 11. LICENSEE'S REMEDIES: LIMITATIONS

LICENSEE'S SOLE AND EXCLUSIVE REMEDIES AGAINST TRACKER ON ANY AND ALL LEGAL OR EQUITABLE THEORIES OF RECOVERY SHALL BE, AT TRACKER'S SOLE DISCRETION, (A) REPAIR OR REPLACEMENT OF DEFECTIVE SOFTWARE; OR (B) REFUND OF THE LICENSE FEE PAID BY LICENSEE.

#### 12. NO LIABILITY FOR CONSEQUENTIAL DAMAGES

In no event shall TRACKER, or its suppliers, be liable for any damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information or other pecuniary loss) arising out of use of or inability to use the Software, even if TRACKER or its dealer have been advised of the possibility of such damages. Some states do not allow the exclusion or limitation of certain implied warranties or the exclusion or limitation of incidental or consequential damages, in which case and to the extent such exclusion or limitation is not allowed, some of the foregoing limitations and exclusions may not apply to Licensee.

Major Releases (e.g. from Version 5.x to Version 6.x etc.) will be provided free of charge for no less than 12 months after the initial purchase after which time Tracker reserves the right to apply a fee for access to Major upgrades. Further when issuing updates of any nature, Tracker reserves the right to disable previous licensing codes from being useable in the new release, to 'trigger' a distribution statement from Developer's, once the Distribution Statement and any revised license has been returned, and always providing the Developers distribution entitlements have not been exceeded – new license codes will be released subject to a valid maintenance agreement being in place.
