**No rights to distribute, sell or include any complete or ready to use 'End User' application created by Tracker Software Products is included as part of this agreement.**

We now offer an [Application Directory](#) to our client developers on our website to enable them to list their various PDF-XChange/Tools/Viewer/Editor SDK enabled applications. This is a free opportunity for you to expose your applications to many 100,000's of visitors to our website each year. [Click here](#) to submit your PDF-XChange enabled products today.

Thank you for your cooperation.

Tracker Software Products (Canada) Ltd [www.tracker-software.com](http://www.tracker-software.com)

**Please Note: Failure to return this declaration in a timely manner, completed in full, could result in your Editor or Viewer SDK License codes being disabled and all future upgrades and support being withdrawn.**

\*CDLP's are Client Distribution License Packs. Every time you distribute a license for your application to a user incorporating the PDF-XChange Editor or Viewer SDK you use one Client License. If your client will use this on 10 desktops, this is 10 Client Licenses – not one!
